June 2020

Dear Parents and Carers,

### **Using the Internet at School**

As part of our school's curriculum, pupils will be provided with supervised access to the Internet. We believe that use of both the Web and email is worthwhile and that these are essential skills for children as they grow up in the modern world. They will be able to obtain a rich variety of resources from around the globe to enhance their studies as they research information from museums, libraries, educational organisations and a range of other suitable web sites. They may also learn to exchange emails with pupils in partner schools.

Although there have been concerns about pupils having access to undesirable materials, we have taken positive steps to deal with this risk in school. The access to the internet is controlled and ensures only filtered content is available in schools.

Children will be introduced to a set of rules and taught how to use the internet responsibly by using the safe environment of the intranet. When they are given access to the internet they will be supervised and directed towards specific curriculum activities and suitable web sites. However, the school cannot be held responsible for the nature or content of materials accessed through the internet and the school will not be liable for any damages arising from your child's use of the internet facilities.

Please sign and return the permission slip to [office@wicklewood.norfolk.sch.uk](mailto:office@wicklewood.norfolk.sch.uk) by Friday 3<sup>rd</sup> July 2020.

Should you wish to discuss any aspect of our use of the internet, please telephone me. Thank you for your co-operation.

Yours sincerely,

Julia Brooks

Headteacher: Miss Julia Brooks  
Chair of Governors: Mrs M. Talbot
