

## Robin Class

In Robin Class, we have continued to work hard on our phonics and writing, whilst enjoying some English lessons based around the wonderful books 'Dear Zoo' and 'Grandad's Island'. We have also started to focus more lesson time on SPaG (spelling, punctuation and grammar) to make sure we are ready for Year 2.

In maths, we have learnt how to measure length and height including using a ruler to measure in centimetres. We have introduced multiplication and division through grouping and sharing, whilst also practising our quick recall of doubling and counting in 2s, 5s and 10s.

*Acting It Out: Erin, Miles, Benjamin, Oscar, Imogen, Emily, Holly, Thomas and Iris enjoy some drama activities in English.*

*Rows and Columns: Toby, Oliver, Rosie and Samuel making arrays in Maths.*

We have been learning about Christian and Hindu creation stories in R.E.; keeping safe around medicines; having a CANDO attitude in P.S.H.E. for Science; exploring the school grounds for signs of spring; and identifying flowers and trees. We have also learnt about plants by growing our own bean plants, although the unseasonably high winds damaged our mini green house and some of our plants. 😞. In Art we have been looking at sculptures and creating our own temporary sculptures from different media inspired by famous artists.

*Let's Sculpt: Some of our sculpture work by Jack, Iylah and Mal.*
