

Robin Class

We have had lots of fun in Robin Class as the children have settled in and adapted to the change of routine from Reception.

Active phonics – we spent lots of time recapping our set 1 sounds in fun ways, some of which can be seen below.

Tap the xylophone sounds!
pistols!

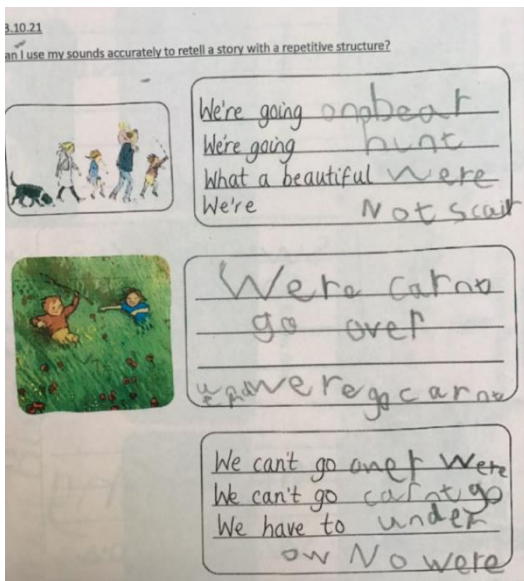

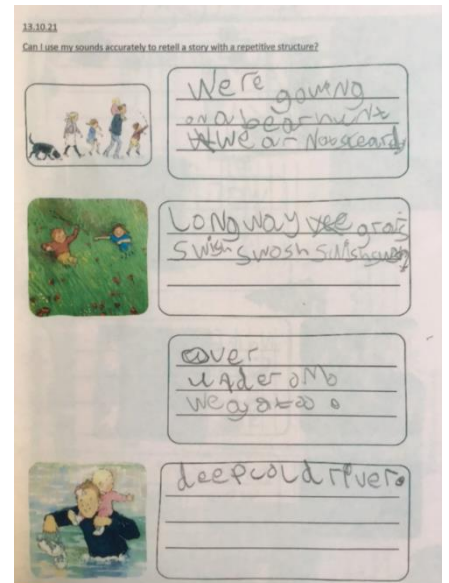

Phonics splat!

Phonics jumping (+blending)!

Sound squirt with water pistols!

We have enjoyed completing lots of different activities related to 'We're going on a bear hunt' by Michael Rosen. The children have made lots of progress with their sounds and re-telling skills – as you can see! We added lots of instruments to the story to add rhythm and sound effects for each obstacle we met which was fun!

In maths, we have consolidated our learning in our number topic. We have used lots of concrete resources to help us do this. Miss Marriott was particularly impressed with children's progress in our end of unit assessment, as the class showed a great understanding.

Comparing:

Sorting:

Lots of counting using tens frames!

Number recognition!

Part-whole models!

We have been working hard on being 'ready to write' and thinking about how we need to sit to help our handwriting. We have enjoyed using salt to perfect our pencil grip and letter formation!

We are enjoying our history topic and have made several 'old fashioned' toys to help us compare them to the materials/style of toys that we have now. We have been interested to learn about what rich/poor children would have possibly had in Victorian times and what boys/girls may have played with. We are really looking forward to our trip to Strangers Hall to bring our learning to life!
