

Greenfinch Class

We have had a wonderful half term in Greenfinch class. We have learnt lots of new skills and have thoroughly enjoyed getting into the festive spirit!

Yoga flows

This half term the children have learnt how to combine their yoga poses into a story, which we call a 'Yoga Flow'. They worked individually, then in pairs and also in small groups practising hard to hold each pose still and to move smoothly from one pose to another. In the final week of term, the children performed their finished Yoga Flows to the rest of the group and exchanged some fantastic feedback.

Iron age hillforts

As we came towards the end of our history unit, the children learnt about how life changed from the Bronze Age to the Iron Age. They discovered what it would have been like to live in and to defend an iron age hillfort. On the playground they split in to two teams: one defending the hillfort and one attacking. Unfortunately, the design of the hillfort was so effective that the attacking team didn't stand a chance!

Christmas decorations

As part of our Spanish lessons, we learnt how to write a festive card greeting in Spanish and designed tree-themed Christmas cards. We also loved singing 'Feliz Navidad!' For advent we created a classroom calendar and each day we have been counting the days of December in Spanish, turning over a Christmas bauble every morning.

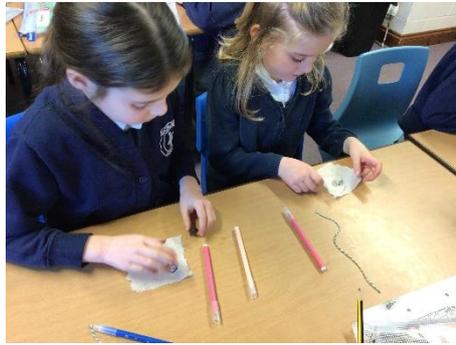

Here are some more of our beautiful classroom decorations. We hope you enjoy adding them to your decorations at home this weekend!

Christmas in a box

We were lucky enough to take part in the 'Christmas in a box' workshop last week. As the children learnt about the meaning of Christmas and God's big story, they gradually added special items to their own box, which they could then take away to share with you at home.

Christmas jumper and Christmas lunch day
