Dear Families,

This week, Year 5 have had the opportunity to take part in Bikeability. Thank you to Mrs Batty for organising it, the children had a brilliant time and feel safer on their bicycles.

Year 4 have been working with Dance East this term to create dance sequences in PE and have been producing such fantastic moves that they are coming in to record a session with them! Well done Lapwing!

We have had an influx of children bringing toys and teddies to school. We ask that, unless it is part of an Independent Support Plan (ISP) or approved by the SENDCo, they are not brought into school. They can cause issues in the classroom and playground and we hate to see the children upset when they're misplaced.

Please note there are no hot dinner options on Community Day this coming Friday. There will be a packed lunch option which can be eaten outside with families. Thank you to the parents who have already volunteered their time to the Friends and the effort the Friends are putting in for the Summer Fair is exceptional and we can't wait!

Apologies for the confusion around sun cream, children can bring it to school in a named zip lock bag to keep in their school bag. Please ensure that your child has applied sun cream before school too. Please see details below of important changes to attendance fines.

## Summer Fair Information

Please drop tombola style donations for the class hampers into the office. Remember the winning class receives an additional £250 for a class trip or visitor.

The raffle tickets to win the hampers will be sent home with pupils on Friday. Only a small number will be sent with each pupil so if you do require more please collect these from the office. Please return bought raffle tickets and money to the office in the envelope provided by drop off on Thursday.

As children will be running the games stalls we will be using tokens rather than cash. Tokens can be brought from a token booth on the day.

Due to popular demand, will be extending the Community Day until 4pm.

# Attendance

Regular attendance at school ensures that children get the best possible start in life. Good attendance supports learning, the development of social skills and friendships, as well as building good habits that are essential for adult life. School education lays the vital foundations of a child's life.

The law gives powers to the local authority and other designated bodies to issue penalty notices where a parent/carer is considered to have failed in their legal duty to ensure their child's regular attendance at school. Reducing absences from school is a key priority nationally and locally because missing school damages a pupil's attainment levels and disrupts school routines and the learning of others.
