

Friday 13th December Home Learning

English and Maths

As Christmas is fast approaching, I have added some Christmassy maths problems and reading comprehensions that you can do over Christmas. (See pdfs below). They come with answers so you will need to hide these whilst you do the activities. You can then check afterwards. Remember there is no point in just copying the answers as this will not help your learning.

Reading

Please continue to add to your personal reading miles by reading every day and recording it in your reading diary. Remember this really does help improve your writing and vocabulary knowledge 😊.

Have a great weekend!

Miss Carr 😊
