WICKLEWOOD WEEKLY

PLAY CONSULTATION

Nursery and Reception completed their consultation on the development of the play equipment in the Walnut Tree Garden and the rest of the school will now be taking part in their own surveys to share their ideas on the future of the play spaces in the playground and on the school field. Nursery and Reception were keenest on slides and different sorts of swings.

ECO-COUNCIL

Last year, over 8.5 million tonnes of rubbish were sent to landfills in the UK. What if some of this rubbish could have been recycled instead? Jim the caretaker sent out a plea for help from the Eco Council as he has often been finding recycling mixed in with the rubbish while emptying the bins in the evening. The Eco Councillors went on a hunt and checked all the bins in the school, finding out that every single class had something in their rubbish bin that could have been recycled instead! This week they will be working on creating posters and displays to be put up around school in an effort to tackle this problem.

For more information about what you can do at home, check <https://www.norfolkrecycles.com/>.
