

KINGFISHER CLASS SPRING 2

Wow - this half-term has gone so quickly! The children have worked hard as this term is quite demanding with the SATs tests not too far away. It was lovely to finish the half-term with a wonderful trip to Cambridge, where the children learnt so much about evolution and fossils.

Spring 2 Curriculum

Next half-term is another short one and we still have lots of learning to do! In English, we will be starting with a poetry unit linked to our Science topic, followed by writing a non-fiction page about an evolutionary creature. In Maths, our focus will be on percentages and measures (units, area, perimeter, time, angles etc). Our Science topic on Evolution is continuing with more of a focus on fossils and palaeontology. In Geography, the children will be learning about population change. In the more creative areas of the curriculum, there will be opportunities to design and make chairs; create sequences in gymnastics and learn about being healthy.

KEY DATES:

- 4.3.25 - Parents' evenings
- 5.3.25
- 6.3.25 - World Book Day
- 13.3.25 - Year 6 Science Class Assembly & Café (in classroom)
- 14.3.25 - Comic Relief

PE will be continue to be on Wednesdays next 1/2 term.
