

# GREENFINCH CLASS SUMMER 2

**GREENFINCH CLASS COMPLETED SOME FANTASTIC PERSUASIVE WRITING OVER THE FIRST HALF TERM ABOUT VISITING LEEDS CASTLE. WE HAVE REALLY ENJOYED LEARNING ABOUT ROMAN BRITAIN AND HAD A BRILLIANT VISIT TO COLCHESTER CASTLE.**

## Summer 2:

We will be writing a story about making a startling discovery. Our focus will be to create a feeling of suspense through considered vocabulary choices and careful sentence construction.

In maths we are learning about measuring length, volume and mass. We will be comparing measurements and using what we know about the four operations to solve problems to do with measuring. We will finish the year by recapping any areas where there are gaps.

After finishing our history topic, we will be moving on to Geography. We will be looking at land use in other parts of the world and comparing it to the local area.

Science is all about light, we will be finding out about sources and non-sources of light, UV rays and how shadows are formed and change over the year.

Our art focus is on the Humanae project, we will be revisiting our work on self portraits and learning how to mix paint to make a skin tone that matches our own.

We will be programming in computing and will be creating algorithms that control a sprite. We will be looking at how to add functions to a program to create a maze game.

## IMPORTANT

- PE will continue on Wednesdays.
- Spellings and reading books will be checked and changed on a Friday.
