

Jay Class Summer Newsletter

Summer 2 Curriculum

As we move into the second half of the summer term, Jay Class has lots of exciting events to look forward to!

We are currently learning about animals, their habitats, and life cycles. To support this topic, we will be visiting Melsop Farm, where the children will have the opportunity to observe and investigate a variety of animals up close. In Art, we are continuing our work on the Humanae Project, where the children are learning how to draw self-portraits and mix specific skin tone colours. We're excited to invite you in soon for an Art Café, where the children will showcase their work.

Next week is the Phonics Screening Check. The children are familiar with the process and have been practising regularly in school. Please continue to support them at home by encouraging daily reading and revisiting their phonics sounds.

A quick reminder:

- Please ensure your child brings their reading record and book bag to school every day. We listen to children read throughout the week, and on Fridays we visit the school library to change books.
- Please remind your child to leave toys at home, as they can be a distraction during learning time.

Thank you, as always, for your continued support!

Forest School - Mondays
PE - Tuesdays

Dates for your Dairy:

- 09.06.25 - Phonics Screening Check
- 10.06.25 - Melsop Farm Park Trip
- 04.07.25 - School Fair
