

Lapwing Class Home Learning
10th November 2023

Thank you for supporting your child's learning at home!

Essential Skills

- **Reading**

Please continue to read at home this week. We are aiming for a goal of having everyone in Lapwing reading at least 5 times each week!

Library books can be exchanged when read, although it is not expected that a child will finish reading their library book every week, particularly if they have chosen a challenging or longer text.

Reading at home should be recorded in reading records, which can be brought into school everyday as children will be heard read throughout the week and we need to record that in their reading records. We have ordered new reading records and each child will get one when they arrive.

- **Times Tables**

Please practise with Times Tables Rock Stars this week.

In class we will be practising our times tables regularly but the more the children practise their times tables the more confident they will become.

If you do not have access to TTRS please let me know and I can provide log in details or alternative options.

- **Spellings**

This week we have been looking at spelling a range of words that use the suffix 'ation'.

There will be a short test of these spellings on the first Thursday after half term.

Please encourage your children to practise their spellings every day.

Children now have access to Spelling Shed - which is a little like TTRS but for spellings. Children should have their log in details in their reading records. I have set some challenges for children to complete over half term to make practicing their spellings more fun.

This week's spelling words are:

Words with the suffix '-ation'

admiration

detonation

exploration

combination

illustration

observation

(Please note that there are two words in this week's spellings that are the same as last weeks. This is because these were two words that several children found tricky, so I have added them again.)

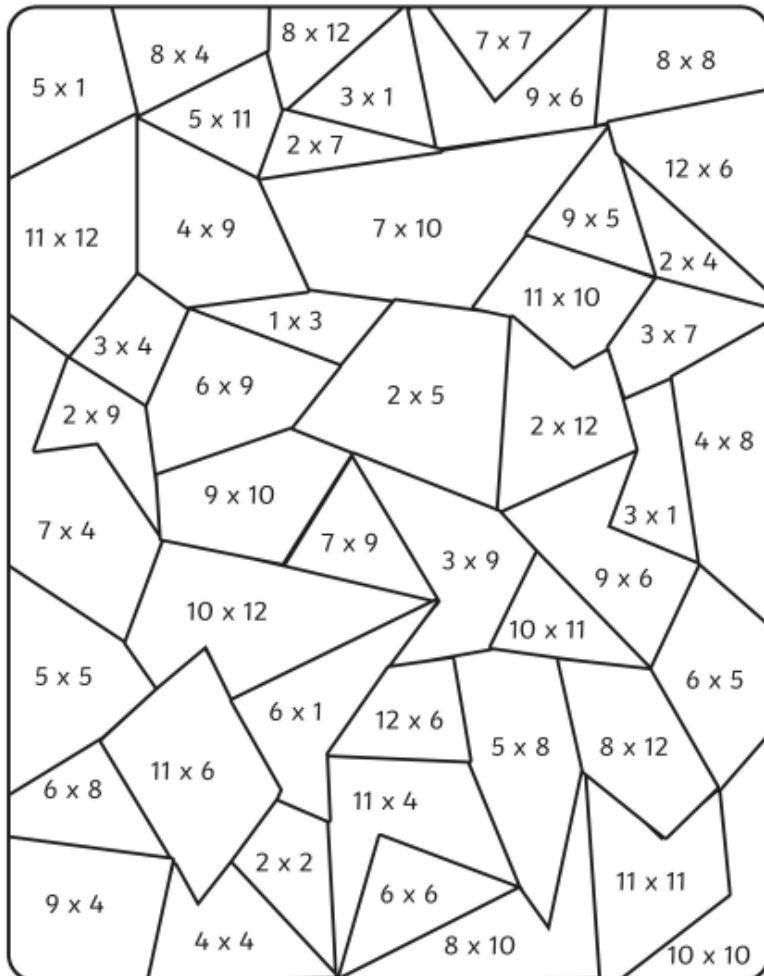

Can you think of any more words with the suffix 'ation'?

Added Extras 😊

Colour by Multiplication

Work out the answer to the multiplication sentences and colour in the shape with the colour of the correct answer.

0-20 21-40 41-60 61-80 81-100 101-120 121-140
blue pink green orange purple red yellow

In music this term we are composing our own pieces of music based on a colour. Why not choose your favourite colour and create a colour mood board to inspire your piece of music next week. An example of a coloured mood board is below.
