

Friday 9th February – Home Learning

English Home Learning

This week, we've been doing tests in Challenge week and been writing our innovated meeting tales. For home-learning this week, I have found a bit of reading comprehension for you to do based on our Science topic on Evolution and Charles Darwin. See download below:

Reading

Please continue to add to your personal reading miles by reading every day and recording it in your reading diary. Some members of the class are super at doing this but we have yet to see every child in the class recording 5 reading sessions a week even though we know they are reading. Let's get our reading miles going for it is showing that those who are reading a lot are reaping the rewards, not just in merits but in the language and sentence structures they are using in their writing and when explaining in whole class reading discussions.

Spelling

Spelling this week has focused on words with origins in other countries and languages. I've listed the 10 below that they have learnt with Miss Leverett. She will test the children on these words next Friday.

This week's words				
hoist	easel	restaurant	pyjamas	bungalow
veranda	ballet	blizzard	gymkhana	origin

Maths Home Learning

The focus this week has been on arithmetic practice. Please have a go at the following work to remind yourselves how to multiply and divide by 10, 100 and 1000. Remember the digits move not the decimal point!

[CGP Targeted Maths Question book – page 24](#)

[CGP Arithmetic Book – 16 and 17 \(place value chart is in resources tab of class page\)](#)

Have a good weekend everybody. Sorry about the delay with home-learning this week due to me being super poorly 😞. See you all on Monday hopefully.

Miss Carr
