

## Wicklewood Primary School Swift class Year 2

Welcome back to home learning!

Every Monday I will set your phonics, English and maths work for the week. All the resources you need will be at the bottom of this webpage. Don't forget to look at the 'family challenge' activities on the website as well. The maths and English activities are the most important things for you to complete, but you may enjoy one (or more) of the family challenges.

I hear lots of you enjoy working on Purple Mash - if you press the play button you will hear my voice explaining the activity. I have also recorded explanations on the powerpoint document - click play slideshow.

There is a video message from me and a powerpoint presentation on our new school value of happiness on the school website from Monday to enjoy.

Parents/carers can now email me at [swift@wicklewood.norfolk.sch.uk](mailto:swift@wicklewood.norfolk.sch.uk) with any questions, and you can send me one piece of work a week that you are proud of. All emails must be from a parent email account.

I hope you enjoyed the sunshine over the half term break.

From Miss Harvey 😊

This week we are looking at length it would be helpful if you have a ruler at home (cm). Watch the video and complete the activity document. This can be printed out or you can write the answers straight into your workbook/notepad. The answers are provided so that you can 'tick or fix' your work with an adult.
